

## **VETERANS “PRIDE ROW”**

**LOS ANGELES’S DIGNIFIED “VETERAN TENT CITY”  
ESTABLISHED APRIL 2020, ADJACENT TO THE LOS ANGELES VA**

*Old Veterans Guard*

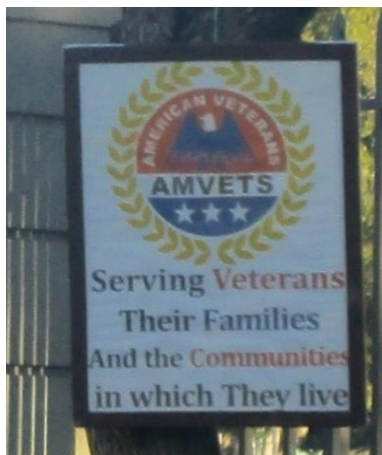

The Old Veterans Guard removed the "Skid Row" stigma from Veteran homelessness by providing new 14 x 10 walk-in tents, cots, blankets, clothing, and a proud display of the American Flag along with a protocol of pride for self and Military Service, civility, order, discipline and cleanliness, thereby establishing a wholesome and safe Veterans “Pride Row” adjacent to the Los Angeles VA.

*“It is a proud privilege to be a soldier – a good soldier with discipline, self-respect, pride in his unit and his country, a high sense of duty and obligation to comrades and to his superiors, and a self-confidence born of demonstrated ability.”*

— General George S. Patton Jr.

## **“Veterans Death Row”**

**IN JULY 2020, AMVETS HIJACKED (TENT GRABBED) VETERANS “PRIDE ROW” AND DISRESPECTFULLY REMOVED THE WORD “PRIDE,” THEN TURNED IT INTO VETERANS “DEATH ROW”**

Unforgivably, under AMVETS local leadership, their “Veterans Row” ruse regressed into an uncivilized, unruly, disorderly, and repulsive Veterans “Skid Row” with a proliferation of assaults, thefts, and other crimes while the clutter, squalor, disrespect for the American Flag and overall appalling appearance became a national public eyesore as well as an embarrassment to all U.S. Military Veterans.

Tragically, this fiasco regressed even further when it was notoriously transformed into Veterans “Death Row” as within a year there were nine alleged deaths that included two murders of elderly homeless Veterans by younger homeless Veterans, plus apparent deaths from drug overdose, alcohol poisoning, suicide, et. al., which all led to Los Angeles County Sheriff Alex Villanueva ordering the rat-infested, unsightly, unhealthy, and deadly encampment be permanently closed-down and cleaned-up by November 1, 2021.

**NOVEMBER 1, 2021**

**LOS ANGELES COUNTY SHERIFF'S CLEAN-UP DAY**
